

# Kitchen/Main Floor

## Elias Construction, LLC

4

BEFORE

AFTER

This is a true main floor remodel including a complete redesign showcasing what Elias has come to be known for. The clients wanted to not only update their home and finishes, but also create a space that better fit their lifestyle. We repurposed an existing bedroom and guest bathroom for a larger master suite while removing some walls in the main living area to open up the kitchen. Come see what an '80s rambler can become!

## 510 Chalet Drive NE

*Directions: From 37th St NW, go South on W River Parkway // Turn right onto 9th Ave NW // Turn left at the 1st cross street onto Chalet Dr NW // 510 will be on the right.*

Builders License # BC636929

### Project Goals:

1. Open up the kitchen to the main living area.
2. Repurpose an existing bedroom and guest bathroom to create a large master suite.
3. Improve the flow on the main level.
4. Update the finishes and design.
